

SPONSORING & COMMUNICATION OPPORTUNITIES

The RADECS conference is the European annual forum on the effects of radiation on electronics and optoelectronics devices and systems where scientists and engineers exchange on the latest progresses and results about radiation effects on electronics.

With a usual attendance between 400 and 500 people, this is a unique opportunity to meet your business partners in a high level scientific context favoring exchange and innovation.

RADECS 2019, the 30th anniversary edition of the RADECS conference, will take place in Montpellier (France) on September 16-20th, 2019.

The conference will include a full-day short-course, technical sessions (oral and poster presentations), a data workshop, and an industrial exhibition.

RADECS 2019 is organized by the Institute of Electronics and Systems of the University of Montpellier, with the support of CNRS, under the patronage of the RADECS association.
